- Graceful
- Feminine
- Delicate
- Gentle

what type of line do you see?

Arm gesture to show the line seen in each room.

What type of line do you see?

What type of line do you see?

What type of line do you see?

- What type
- of line do
- you see?

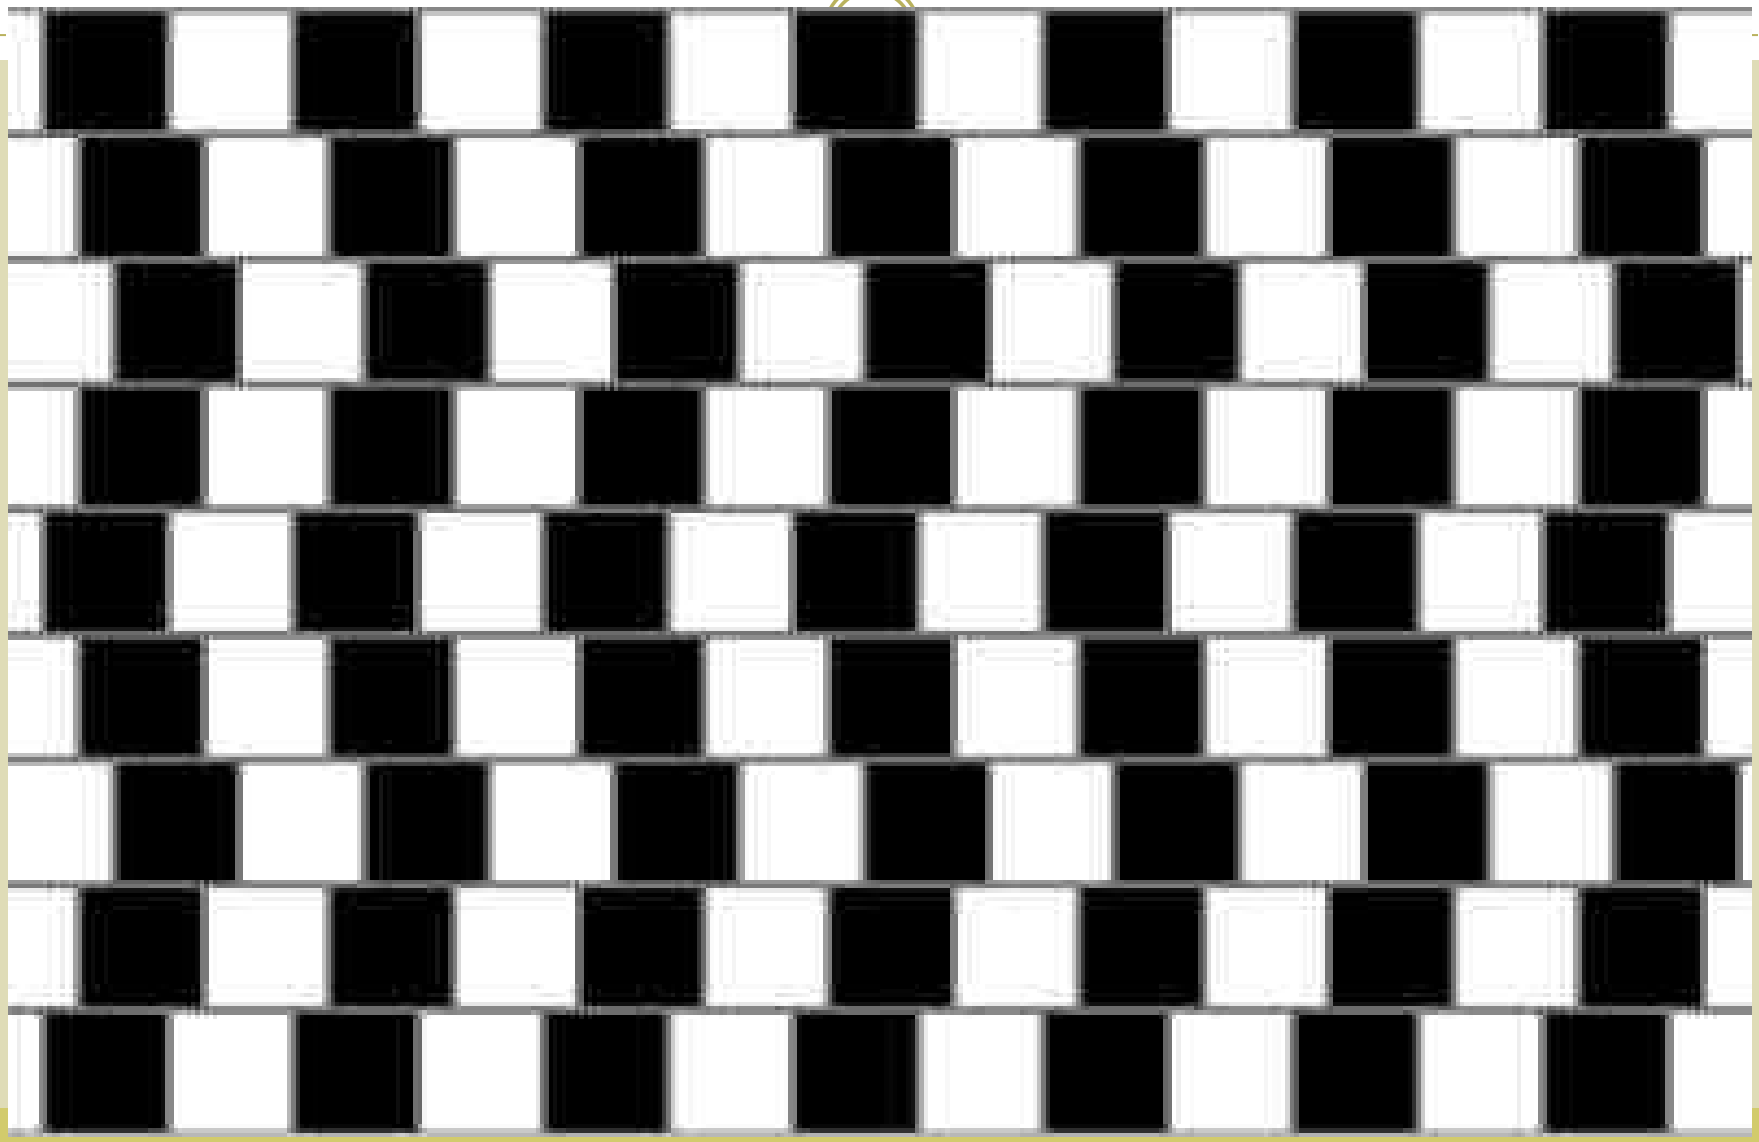
What type of line do you see?

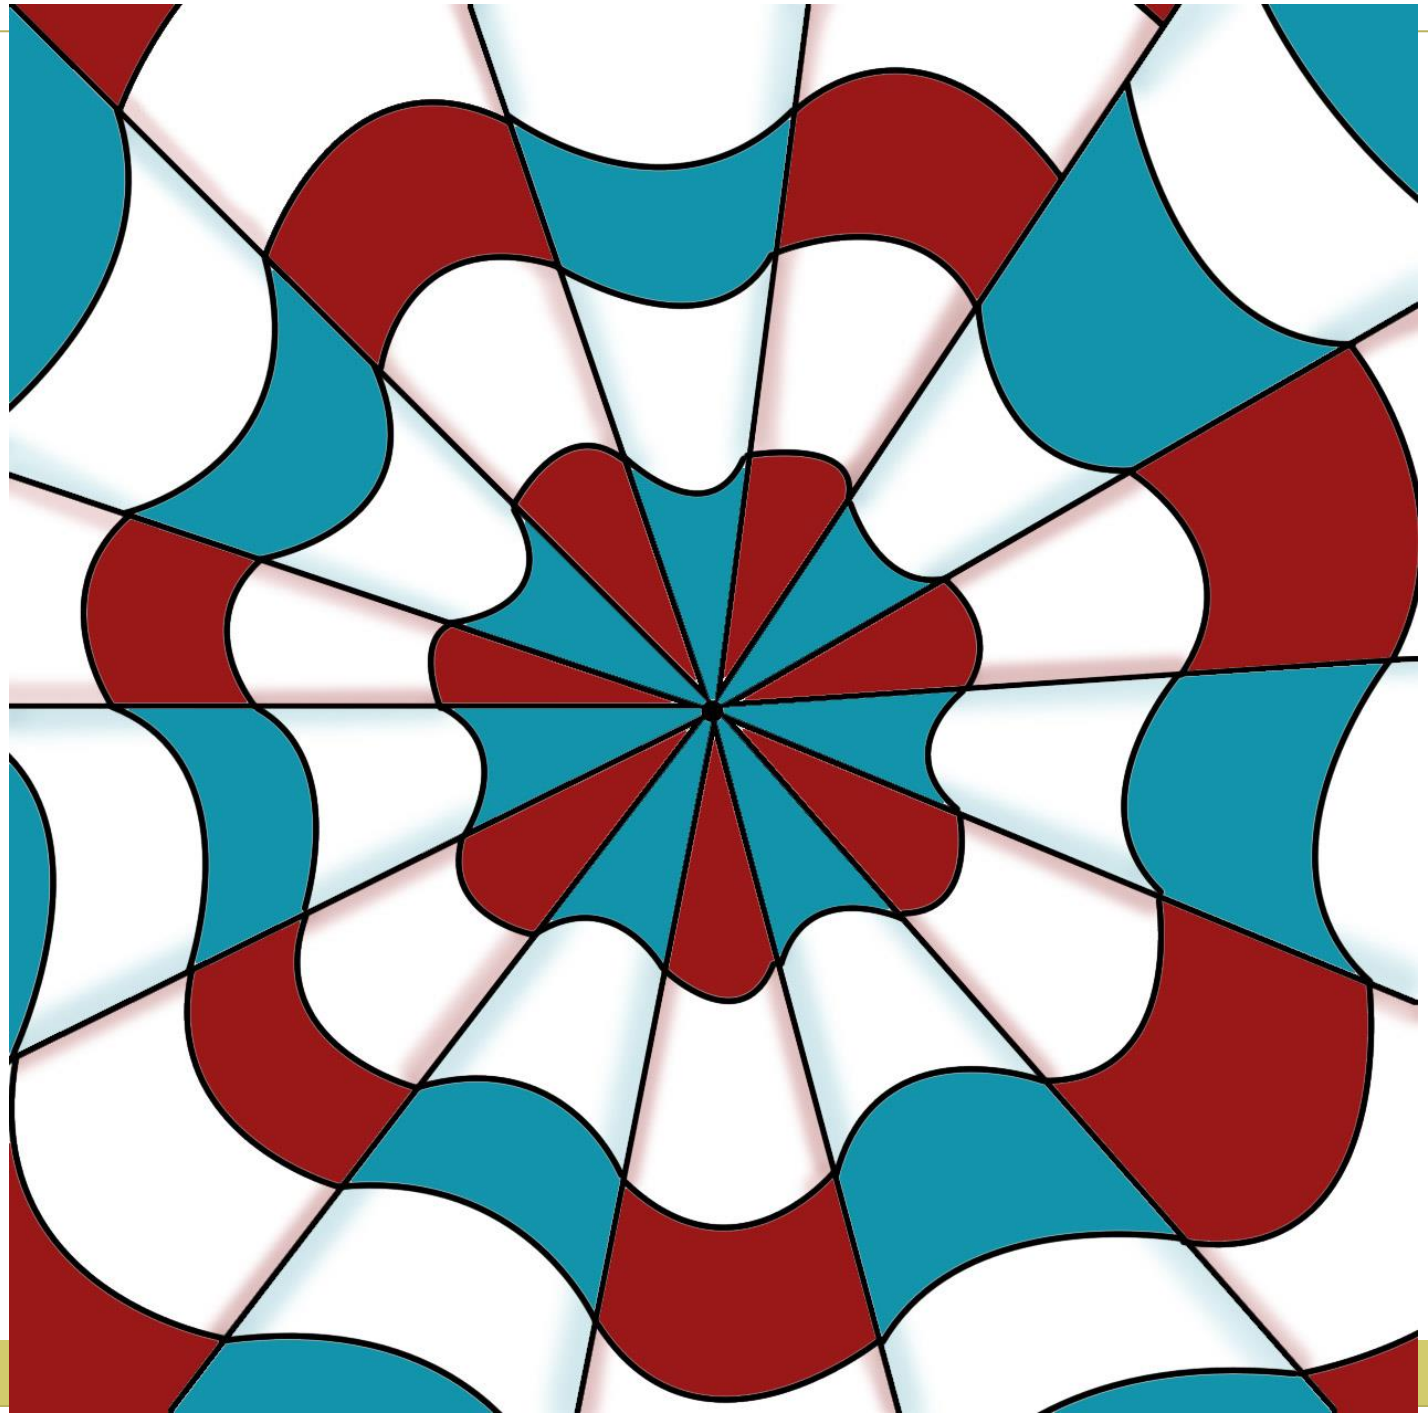
Assignment 1

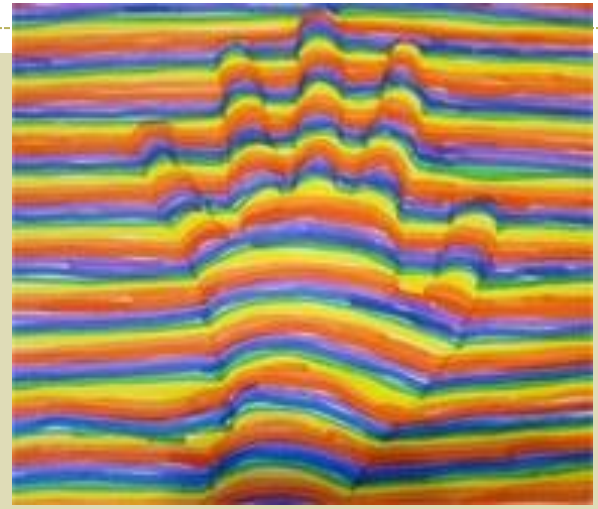
- Find a magazine picture that shows a room that used line.
- Cut it out and border the picture with ¼ inch borders (color should compliment the picture)
- Paste to page #__24__ and write a description of the picture under the picture.

- Lines Can Create Illusions: Here are a few:

Are the horizontal lines straight or curved?





Create an Illusion of your own?


- On a half sheet of white cardstock.
- Create your own line illusion:
- You must include at least three types of line.
- The illusion must also include color.
- This page will be included in your notebook.
- Here are just some ideas. Be creative.
